**Money and Pensions Service (MaPS) Directory**

MaPS has launched a travel insurance directory on its Money Advice Service website for people with serious pre-existing medical conditions. These following factors may help determine if the MaPS Directory is relevant to you:

- You have not been offered, or we/the insurer, have declined a quotation wholly or partly due to a medical condition
- Your policy has been cancelled, wholly or partly, due to a medical condition
- You have been offered a policy with a medical condition exclusion, which cannot be removed from the policy
- You have been offered a policy with a medical condition premium of £100 or more
- You have been offered a policy in respect of which the medical condition premium is not known.
- If these factors apply to you, we recommend you visit the new MaPS Directory
